

## **"CLUB E-NEWS"**

October/November/December 2011

So much has been happening since our last e-news. Foaling is well and truly underway with some breeders already finished for the season. It's been great seeing all the photos of future show prospects being circulated, and next years foal crop is still work in progress for many. The A&P shows appear to be ticking over and it's great to hear new names reaping the reward of the hard work they have put in securing fat sashes and Supreme titles.
